On March 29, 2023, Governor Healey signed into law a supplemental budget bill that extends the temporary provisions pertaining to the Open Meeting Law to March 31, 2025. Specifically, this extension allows public bodies to continue holding meetings remotely without a quorum of the public body being physically present at a meeting location and to provide "adequate, alternative" access to remote meetings. The language does not make any substantive changes to the Open Meeting Law other than extending the expiration date of the temporary provisions regarding remote meetings from March 31, 2023, to March 31, 2025.

- Updates regarding a previously reported incident in E. Arlington. Comm Key called the reporting party to provide information about counseling services via AYCC and religious support organizations.

- b. APD

- Updates by Capt Flynn:

- No new incidents reported.
- No specific threats, but monitoring intelligence provided by Fusion Center, was specifically asked to monitor threats to the Jewish community. In response to a question, Capt Flynn confirmed that no such guidance was provided to monitor threats to the Muslim community
- Crisis intervention training (1/4 of the staff has undergone this training). In response to a question about specifics, Capt Flynn spoke about what the training entails
- Updates by Capt Flynn about the recent protests by a neo-Nazi group at Gov Healy's residence. Members of the group parked near Spy Pond and walked on the bike path. Chief Flaherty met with community members after the protests
- Discussion regarding protocols about communications – or lack, thereof – to the community and also the need for the AHRC to be involved in these discussions

5. Draft Statement on Israel

- Comm Grossman spoke emotionally about the harm to the community with regard to the attacks by Hamas. Mentioned that those who are targeted should not have to speak up about the targeting. Members spoke about the horrific nature of the attacks and about people being targeted for following a specific religion
- Some commission members spoke about the need to focus the statement on the Hamas terror attacks. A few spoke about the need to focus on the human rights abuses faced by people in the region after the military response by the Israeli defense forces in Gaza and the ensuing humanitarian crisis
- Decision was made to focus on the humanity and separate the political & historical aspects of the situation in the region. Statements made by two other MA human rights-related organizations were introduced
- Comm Bauer made a motion – seconded by Comm Key - to use the Hingham Unity Council statement as a model to draft a statement with Comm Beauchemin. All voted yes, except one, no
